January 2021

Dear Parents & Carers,

Following the delayed opening of school to most children we remind you that we are continuing our offer of education using the online platforms which the children are familiar with. Every child is expected to engage with this learning unless they are unwell (just as attendance at school would be).

However, we understand that one potential barrier to this is that some children may not have access to a device they can use to access the internet and online learning platforms. If this is the case, it is possible that we could allow you to borrow one of the school devices.

If your child does not have access to an appropriate device and you would like to request one, please consider the following:

- You will need access to reasonable speed broadband for most platforms to work – our devices do not have 3G/4G capability
- You will be responsible for any accidental damage or loss, including damage from computer viruses, during the loan period
- The school internet filters will not apply when the device is not connected to our internet and therefore you should ensure you have suitable age restrictions and filters set up with your broadband provider
- We only sanction use of the device for access to school approved websites and platforms, parents and carers are responsible for ensuring that any use of the device for access to other sites is age appropriate and safe.

If you would like to use a school device, please complete the form and return to the school office (info.aps@catrust.org.uk) ASAP. In the event of more people applying than we have devices, they will be allocated in age order, with the older children taking priority.

Yours sincerely,

Mrs Viner
Deputy Headteacher

I need to have access to a school computing device during this school closure or self-isolation.

Child's Name: _____ Class: _____

I agree that:

- I will be responsible for the cost of repair or replacement due to loss or damage, including damage by computer viruses
- I will be responsible for ensuring parental controls are in place through my broadband provider
- I will be responsible for checking the suitability of any sites visited which are not sanctioned by the school
- I will support my child with connection to the internet following the instructions which come with the device
- I will return the device & charger on the first day back at school following a closure or if my child changes school

Signed: _____ Date: _____

Print Name: _____

Relationship to child: _____
